

MACBET Diamond

What is MACBET Diamond?

Macbet diamond allows the professional punter the luxury of having expert ratings and maps for a day at the races, at home or hotel as well as the ability to go out for lunch or spend the day with the family and receive via mobile text message, guidance on what horses to back. Therefore letting us do the work for you.

How MACBET Diamond works.?

From 10am race morning you login to MACBET and pay by credit card \$500 . You will then be able to download the information supplied by MACBET at your leisure. Once you have downloaded the information, you text MACBET on 0430 363 356 your name and access code and that logs you in for the days betting. All you do then is wait for MACBET to text you with the days bets. These bets will be text no later than 10 mins before the race so as to give you time to place your bets. The text will advise you the recommended number of units to be invested by the client on the instructed horse. The maximum recommended units per day to be invested by the client is 10 and the profits are calculated on the NSW dividend. Obviously the higher the unit value instructed the more confident MACBET is of the horse winning. If no profit is made on any one day the following weeks PLATINUM membership is free.
